Elk reduction was conducted from the 29th through the 31st with a total of 59 killed. Live trapping has been unsuccessful due to insufficient snow and good weather.

Law Enforcement. Round the clock patrols were made in the area adjacent to the park (U. S. Highway 191) on week ends to apprehend or discourage violators since poachers killed two elk in this vicinity on January 4.

Wildlife and Fish Cultural Activities. BISON. Approximately 115 bison have been ranging near the Lamar Unit throughout the month. The bull (Geronimo) which spent last winter in the Stevens Creek area is again wintering there--arriving there on the 15th.

ELK. The downward movement of elk was very little during January.

OTTER. Six were observed during the month--3 near Norris Junction on the 9th and 3 on Obsidian Creek the 12th.

SHEEP. Sheep were observed during the month on Druid Peak, east of the Pebble Creek campground, near Junction Butte, above Bear Creek and near the North Entrance.

Building Fire Protection. An unannounced fire drill was held January 27 for the Mammoth Fire Organization, after which the use of CTC and dry chemical fire extinguishers on oil fires was demonstrated. The building fire plan for Mammoth has been written and all employees have received copies.

Forest Fire Protection. The Forest Fire Report Summary was completed and forwarded to Region Two on the 14th and the Report of Forest Protection and Building Fire Equipment the 25th.

Construction. The contract for furnishing and installing a 300 K.W. diesel generator at Canyon, cost \$39,839, was awarded to Nash-Davis Machinery Company of Billings, Montana, on January 23.

The bids for two Gardner River bridges were opened the 14th by the Bureau of Public Roads and the low bidder was W. R. Cahoon Company of Pocatello, cost \$172,687.65, which was accepted by the National Park Service on the 28th. Work on this project is expected to start next month.
