Heritage Preservation Services Program  
Technical Preservation Services  
Washington, D.C.

1996

**Heritage Preservation Services**, National Park Service, offers diverse educational and assistance tools to help our nation's citizens and communities identify, protect, and preserve historic properties for future generations of Americans. Located in Washington, D.C., it provides a broad range of products and services, financial assistance and incentives, guidance, and technical information in support of this mission. **Mapping and Information Technologies** develops standards, guidelines, and training on computer database management applications to the professional practice of historic preservation; operates the Cultural Resources Geographic Information Systems Laboratory; and leads the NPS Cultural Resources World Wide Web effort to apply the most recent advances in the field of telecommunications to heritage education. **Preservation Initiatives** directs a number of innovative national programs with a particular emphasis on empowering public and private partners to preserve unique classes of historic resources: the American Battlefield Protection Program, the Historic Landscapes Initiative, the National Historic Landmarks Assistance Initiative, and the Federal Agency Historic Preservation Program. **State, Tribal, and Local Programs** administers the Historic Preservation Fund Grants program to States, tribes, local governments, and the National Trust for Historic Preservation; coordinates the Tribal Heritage Preservation program; develops standards and undertakes demonstration projects in comprehensive historic preservation planning; and administers the Certified Local Government program. **Technical Preservation Services** develops standards and guidelines for preserving, rehabilitating, and restoring historic properties; prepares educational publications and other media on the preservation and care of our nation's historic built environment; offers technical assistance through its conferences and workshops; and administers the Federal Historic Preservation Income Tax Incentives program.

# WINDOW DIRECTORY FOR HISTORIC BUILDINGS

## HERITAGE PRESERVATION SERVICES NATIONAL PARK SERVICE 1996

To assist the National Park Service with updating and expanding the Window Directory Database, please submit names of companies that are not included in the current directory, and advise us of any changes to the 1996 listings, using this form. Each company suggested will be asked to complete a detailed questionnaire. For assisting the National Park Service with its effort to provide correct information on the capabilities of firms which repair and manufacture historic windows, your name will be placed on the mailing list for the next printed Window Directory. Please send each reference on a separate photocopy of this form.
