Memorandum

To: Director

From: Superintendent, Yellowstone

Subject: Superintendent's Monthly Narrative Report, April 1966

General

Weather Conditions. Temperatures for April were mostly above freezing during the day, with below freezing nighttime temperatures. Snow fell on a few days.

Increase or Decrease in Travel. A total of 2,755 vehicles carrying 9,918 visitors entered the Park during April. This is an increase of 70.1 per cent, as compared to April 1965.

The road into Old Faithful and to Mammoth from West Entrance was opened to the public on April 16. Relatively heavy travel was noted on weekends, but light during the week.

The North Entrance reported a 2.9 per cent increase in travel, as compared to April 1965.

The South and East Entrances opened April 30.

OVER SNOW TRIPS. One snowplane and one ski-doo trip was made to the South Entrance by April 16.

Approximately 15 cars from Cody, Wyoming, entered the Park via the Sunlight Basin road. Because of the exceedingly poor road conditions, travel by way of this route is discouraged.

Foreign Visitor. Our first official foreign visitor was Mr. Ahmed M. Talaat, Deputy Director for Public Relations, High Dam Ministry, Aswan, Egypt. Mr. Talaat arrived April 25 and departed the Park on April 28. He was given general orientation and visited with several officials.

REPLY REFER TO:

7152

officials. April 28, he was given general orientation and visited with various American troops. Lt. Robert Trivett April 28 and reported the same to Lt. Robert Trivett, Deputy Director for Public Relations, and Lt. Robert Trivett, Deputy Director for Public Relations. Our first official foreign visitor was Lt. Robert Trivett.

Special Activities. The Superintendent John S. McLaughlin was in Washington, D. C. in the Director's office from the 16th - 28th in connection with negotiations by the Goldfield Corporation of New York to acquire the Yellowstone Park Company. After two meetings extending over several days, the general draft of a concessions contract was agreed upon by representatives of the Company and this Service. Agreement was reached on a construction program by the Company to be undertaken in the next ten years along with a subsidiary improvement program to be undertaken in the second ten years of a proposed 30-year contract. Several questions involving the joint venture between the Yellowstone Park Company and Hamilton Stores, Inc. remain unresolved and, of course, the eventual contract and any subsidiary agreements must be reviewed by the Congress and the availability of the concessions involved must be given public notice.

On April 5 and 6, Biologist William W. Barmore participated in meetings with personnel from several federal and state agencies and institutions to prepare a forage and conservation handbook for Montana. Barmore is a member of the wildlife sub-committee which will consider reseeding and other management practices from the wildlife standpoint. Meetings will be called periodically to evaluate progress and to coordinate various sections of the handbook.

Superintendent's Staff meetings were held April 7 and 21.

Administration

We received a shipment of 41,000 \$7.00 Conservation Permits. On April 29 an advance of funds in the amount of \$500.00 was received from the Midwest Regional Office for our change funds at the five entrance stations and the fiscal office. At the present time, change funds have been advanced to the North, East and West gates.

There were 191 on the payroll for the period ending April 9, compared to 189 a year ago. There were 243 on the payroll for the period ending April 23, compared to 250 a year ago.

The Civil Service Commission's course in Supervision and Group Performance was given to 16 supervisory employees by Personnel Officer Miller during the week of April 4 - 8.

Personnel

Transfer and Promotion William H. Hammack, to Property Management Assistant, GS-7, Mount Rainier National Park, effective April 24.

Special Activities. The Superintendent John E. McLaughlin was in Washington, D. C. in the Director's office from the 1st to 31st in connection with negotiations by the Goldfield Corporation of the West to acquire the Yellowstone Park Company. After the meeting on several days, the General, draft of a concession contract was agreed upon by representatives of the Company and this contract Agreement was reached on a construction program by the Company to be undertaken in the next ten years along with a subsidiary program to be undertaken in the second ten years of a program of contract. Several questions involving the joint venture between the Yellowstone Park Company and Hamilton Island, Inc. remain to be settled, and, of course, the eventual contract and any subsidiary agreements must be reviewed by the Congress and the availability of the money involved must be given public notice.

Dr. Ford and Dr. Biologist William W. Brewster participated in meetings with personnel from several Federal and State agencies and institutions to prepare a large and conservation handbook for Montana. Brewster is a member of the wildlife sub-committee which will conduct studies and other management practices from the wildlife standpoint. Meetings will be called periodically to evaluate progress and to coordinate various sections of the handbook.

Superintendent's Staff meetings were held April 7 and 27.

Administration

We received a shipment of \$1,000 \$7.00 Conservation permits. On April 29 an advance of funds in the amount of \$500.00 was received from the Midwest Regional Office for our change funds at the Elbow Springs Hotel and the fiscal office. At the present time, change funds have been advanced to the North, East and West gates.

There were 191 on the payroll for the period ending April 9, compared to 189 a year ago. There were 243 on the payroll for the period ending April 27, compared to 227 a year ago.

The Civil Service Commission's contract in Washington and Elbow Springs forants was given to its supervisory employees by Personnel Officer Miller during the week of April 4 - 8.

Personnel
Transfer and
Promotion
 GS-7, Mount Baker National Park, Elbow Springs April 24
 William H. Wasmack, to Property Management Assistant

Transfer Donald A. Newhart, to Maintenanceman, Glen Canyon National Recreation Area, effective April 24.

Reassignment Edward W. Wolfe, to the position of Supply Clerk, vacated by William Hammack.

Chief Ranger Wayne R. Howe has accepted a promotion to Chief, Visitor Services in the Washington Office, to be effective in early June.

Procurement and Property Management Officer Reid Malin has been selected for lateral transfer to the Southwest Regional Office, Santa Fe, New Mexico. The effective date will be June 5.

Park Ranger Jerome DeSanto will be reassigned to Glacier National Park, effective May 22.

Harry L. Clark was transferred from the U. S. Forest Service, Region 4, as Fire Control Technician (Smokejumper Squadleader), GS-7, from Idaho City Smokejumper Base.

Park Ranger Naturalist Mary Meagher returned to fulltime duty April 4.

Chief Park Naturalist John M. Good and West District Naturalist Stanley G. Canter recruited at Montana State College in Bozeman for student assistants. Three were hired: Lawrence E. Marcott, Virginia Speck, and Roger C. Wegner.

In-Service Training. The annual Spring Ranger Conference, held April 18 - 22, was composed of 40 hours of instruction in structural fire control. Instructors were Harold L. Miskimins, Assistant Chief, Cheyenne, Wyoming, Fire Department; and T. S. McCleave, retired Captain, Cheyenne Fire Department. Approximately 45 men from all divisions were in attendance, as well as Richard H. Sims, from Badlands; James E. Liles, Mt. Rushmore; Jack Morehead, Grand Teton National Park; Douglas McLaren, Grand Teton National Park; Charles T. Meier, Dinosaur; James D. Arnott, Wind Cave.

On April 25 and 26, a standard first aid training course was given to 17 Park Rangers and one Forest Service employee. All 18 individuals have been certified to the Five River Chapter of the American Red Cross in Bozeman, Montana. During the first aid training, Dr. L. M. Baskett of the Yellowstone Park Medical Service was present for two hours for a more technical discussion of injury accidents peculiar to Yellowstone. This presentation was beneficial to the trainees attending first aid instruction.

A refresher firearms training session was conducted for permanent Ranger personnel during the week of April 11 - 15. A total of 14 men were in attendance. Training included instruction in two-hand pistol shooting and shotgun shooting.

Training. Ranger Raymond L. Ives attended a Civil Service Commission training course, "You Meet the Public", at Grand Teton National Park.

Award. Fire Control Technician George J. Tracy was awarded \$25.00 for his suggestion that the automobile entrance stickers be color coded to assist entrance station and patrol personnel in identifying cars. As adopted, three different color permits are used: One for National Park Service and other Federal Government employees, one for concessioners, and one for contractor personnel.

EMBLEM. Supervisory Park Ranger Raymond L. Ives, received a 20-year Length-of-Service Emblem on April 5.

Sub-District Park Ranger Stewart R. Orgill was presented with a 10-year Length-of-Service Emblem on April 18.

COMMENDABLE AWARD. A Commendable Service Award was presented to Walter W. Stebbins at ceremonies conducted at Headquarters on April 29. Mr. Stebbins retired December 31, 1965 after more than 35 years of service.

Wedding. Park Ranger Alden L. Nash and Miss Joan Aylward were married April 23 in Bakersfield, California.

STATISTICS

Births. A son, Steven, was born to William and Jeanette Wetzel on April 28, in the Memorial Hospital, Livingston. Steven joins three small sisters. Mr. Wetzel is Foreman I, Packer.

Deaths. William B. Foster passed away in Florida and was buried in Mountain View Cemetery in Livingston, Montana. Prior to his transfer to Everglades National Park, Mr. Foster was South District Maintenance Foreman, and Chairman of the Park Safety Committee in Yellowstone.

Earl B. Vaughn, age 67, father of Joseph E. Vaughn, Procurement Agent, passed away in Matoaca, Virginia, Sunday, May 1. Burial was Tuesday at 2:30 P.M.

Mr. Deate T. White, age 75, of Gardiner, Montana died Sunday, April 3, in the Memorial Hospital, Livingston. Burial was in the Mountain View Cemetery, April 7. Mr. White came to Yellowstone in 1920 and was employed in road and trail maintenance and construction until his retirement in 1957.

A refresher firearms training session was conducted for personnel during the week of April 11 - 17. A total of 10 personnel participated. Training included instruction in two-point firing, shooting and shotgun shooting.

Training. Ranger Raymond J. Ives attended a Civil Service Management course, "You Lead the Field," at Grand Teton National Park.

Avery. Fire Control Technician George J. Tracy was awarded a 10% raise for his suggestion that the automobile entrance station be moved to assist entrance station and patrol personnel in identifying vehicles. As adopted, three different color permits are used: one for National Park Service and other Federal Government employees, one for contractors, and one for contractor personnel.

William. Supervisory Park Ranger Raymond J. Ives, received a 10% raise. Length-of-service medals on April 1.

Sub-District Park Ranger Stewart E. Quill was presented with a 10% raise. Length-of-service medals on April 1.

COMMENDABLE AWARD. A Commendable Service Award was presented to William J. Cobble at ceremonies conducted at headquarters on April 19. Mr. Cobble retired December 31, 1965 after more than 15 years of service.

William. Park Ranger Alden L. Nash and Mrs. Joan Aylward were awarded April 23 in Bakerfield, California.

STATISTICS

William. A son, Steven, was born to William and Joan on April 2, in the Memorial Hospital, Livingston. Steven James Ives. Mr. Ives is 37 years old.

Death. William J. Foster passed away in Tacoma and was buried in Mount View Cemetery in Livingston, Nevada. Prior to his death he resided at Everglades National Park. Mr. Foster was born August 1, 1901, in Oregon, and Chairman of the Park Safety Committee in California.

Paul B. Vaughn, age 60, father of Joseph B. Vaughn, Livingston, died at 1:30 P.M. on April 1, in the Memorial Hospital, Livingston. Mr. Vaughn was born in Virginia, and was a resident of Livingston for many years.

Mr. George T. White, age 75, of Gardiner, Montana died Sunday, April 1, in the Memorial Hospital, Livingston. Mr. White was in the Montana State Cemetery, April 1. Mr. White came to Livingston in 1910 and was employed in road and trail maintenance and construction until his retirement in 1957.

Miscellaneous. The Montana Convention of the Federation of Federal Employees was held April 29 and 30 in Missoula. George J. Tracy was re-elected First Vice President of the State organization.

Conservation, Interpretive and Use

Interpretive Services and Planning. The new Mud Volcano Trail leaflets are completed. The trail rehabilitation work at Mud Volcano will resume shortly, but damage by buffalo to last fall's work will slow down completion of the project. It is hoped the trail can be opened by the end of May.

Research and Observation. STEAMBOAT GEYSER erupted on April 2 and 22.

Collecting Permits. Collecting Permits were issued during the month:

S. J. McNaughton	Typha Latifolia L. (Cattails)
Charles F. Mueller	Sceloporus graciosus (sagebrush lizard)
Dr. W. H. Johnson	Rocks and minerals

The collaboratorship of Kenneth L. Diem was extended for a period of two years, through May 30, 1968.

Biological Aid John L. Oldemeyer received a W. A. E. appointment on April 26. Mr. Oldemeyer is making a study of bighorn sheep.

Audiovisual. A new Leitz f2.5 projection lens was obtained for the automatic projection unit in the Canyon Visitor Center auditorium. This new lens replaced the f4 lens used in previous years and should aid considerably in achieving a brighter screen image for the Canyon program. A "dowser" attachment was obtained for the projector which will eliminate the flash of white light on the screen that used to accompany each slide change.

Ranger Activities. Routine road patrols, horseback patrols and ski patrols were made during the month. Ski and ski-doo patrols were made by Ranger personnel at West Entrance and Old Faithful.

Law Enforcement. No reported law enforcement incidents occurred during April.

Safety and Health. A total of 15 motor vehicle accidents have been reported and investigated for the year to date. For comparison, the 1965 reported motor vehicle accidents for the same period total 11.

Four Class A motor vehicle accidents and one Class M accident occurred in the West District during the month.

Memorandum. The Montana Convention of the Federation of Federal
Lawyers was held April 29 and 30 in Missoula. George A. Tracy was
re-elected Third Vice President of the State Association.

Conservation, Interpretive and Use

Interpretive Service and Planning. The new Mt. Vernon trail project
are completed. The trail rehabilitation work at Mt. Vernon will remain
shortly, but damage by fire to trail's work will also be done.
completion of the project. It is hoped the trail can be opened by the
end of May.

Research and Observation

Collecting Permits. Collecting permits were issued during the month:

Mr. J. H. Hargrave	Types Laticia L. (Cascadia)
Charles F. Hargrave	Sceloporus graciosus (Sceloporus graciosus)
Mr. W. H. Johnson	Rocks and Minerals

The collaboration of Kenneth J. Dier was extended for a period of
two years, through May 30, 1958.

Biological Aid John J. Oldenmeyer received a U. S. E. appointment on
April 22. Mr. Oldenmeyer is making a study of highway ecology.

Photography. A new Leica 35 mm. projection lens was obtained for the
automatic projection unit in the Canyon Visitor Center auditorium.
This new lens replaced the 50 mm. lens used in previous years and resulted
and considerably in achieving a brighter picture for the projector.
program. A "downer" attachment was obtained for the projector which
will eliminate the flash of white light on the screen that used to
accompany each slide change.

Range Activities. Routine trail patrol, botanical survey and fire
patrols were made during the month. All and all-day patrols were made
by Ranger personnel at West Entrance and Old Faithful.

Law Enforcement. No reported law enforcement incidents occurred during
April.

Safety and Health. A total of 12 motor vehicle accidents have been
reported and investigated for the year to date. For comparison, the
1957 reported motor vehicle accidents for the same period total 11.

First Class A motor vehicle accident and one Class B accident occurred
in the West District during the month.

SAFETY AWARD - FIRST QUARTER. A plaque was awarded to the Interpretive Division for the highest percentage of reduction in the number of employee on-the-job accidents, compared with the first quarter of 1965. The Interpreters showed a decrease of 100%. The blinking "safety reminder" light goes to the Maintenance Division which, we regret to report, showed an increase of 33-1/3% in the number of accidents for the period January 1 to March 31, 1966.

The Division of Ranger Services was runner-up with a decrease of 80%. Two divisions are on the "Honor Roll" - with no accidents during the first quarter of 1965 and the first quarter of 1966: Administrative Division and Equipment Repair Shop.

The Park employee overall record shows a decrease of 44.4% in the number of accidents for the first quarter of 1966, as compared with the first quarter of 1965.

Buildings and Utilities. A trailer was taken to Big Hole. It was set up and placed in service.

Twelve pit toilets were built for Bighorn Canyon National Recreation Area on a reimbursable basis.

New trailers are being permanently located at the Mammoth employees' trailer court.

Maintenance. The Mammoth jail interior was completely refurnished during the month. It now conforms with the Bureau of Prison Standards for keeping Federal prisoners.

Communications. Plans and specifications were received for the two-way radio system to be installed in the Park. The bid opening and paper work for this contract will be handled out of the Western Office of Design and Construction in San Francisco.

Gardiner Dump. There were two meetings with representatives of Gardiner and Park County to resolve the problem of unsatisfactory city dump maintenance. Plans are being laid for the users to assume full responsibility for the dump maintenance.

Commercial power lines have been extended to the South Entrance and service will be connected soon. This will make a new power generator available for use elsewhere to ease our critical needs.

SAFETY WORK - FIRST QUARTER. A diagram was submitted to the Division for the highest percentage of reduction in the number of employees on-the-job accidents compared with the first quarter of 1966. The interpreters showed a decrease of 100%. The following "light" report, showed an increase of 23-1/2% in the number of accidents in the period January 1 to March 31, 1966.

The Division of Ranger Services was run down with a decrease of 50%. Two divisions are on the "Ranger Roll" - with no accidents during the first quarter of 1966 and the first quarter of 1966. Administration Division and equipment repair shop.

The Park employee overall record shows a decrease of 44.4% in the number of accidents for the first quarter of 1966, as compared with the first quarter of 1965.

Buildings and Utilities. A trailer was taken to Big Hole. It was set up and placed in service.

Twelve AC coils were built for Big Horn Canyon National Recreation Area on a replacement basis.

New trailers are being continuously located at the West of Highway 101 trail court.

Maintenance. The Mountain Trail interpretive area was completely refurbished during the month. It was combined with the former interpretive area for the Federal prisoners.

Construction. Plans and specifications were received for the two-story building to be located in the Park. The building and parking area for this project will be located out of the Mountain Office of Ranger and Construction in San Francisco.

Outdoor Camp. There were two meetings with representatives of the National Park Service to review the problem of mountainous city camp maintenance. Plans are being laid for the camp to be a new camp, responsibility for the camp maintenance.

Commercial power lines have been extended to the South Entrance and service will be completed soon. This will make a new power generator available for use elsewhere to meet our critical needs.

Roads and Trails. South and East Entrances were opened on April 30 at 8:00 A.M. for public travel; and West Entrance was opened for public travel on April 16, allowing travel to Old Faithful and North Entrance.

The rehabilitation of the Mammoth employee parking area is approximately 50% complete.

Traffic counters were installed at Madison Junction and East Entrance. These counters are read and checked daily by the road crew.

Forest Fire Protection. The training schedule for the Annual Fire Control Aid Training Conference, scheduled for June 13 - 21, was prepared. Films and training aids for the program were ordered.

Two-hundred parachutes were received from Region 4, U. S. Forest Service on April 25. One-hundred of the chutes were converted by Region 4 for cargo drop at a cost of \$3.50 each. The remaining 100 chutes will be converted for cargo drop by our smokejumper squadleader during the winter period.

Plans are being made to move the Helicopter Fire Crew Base from Lake to West Yellowstone.

Concessions. The Yellowstone Park Service Stations opened their Gardiner Office on April 1.

The Yellowstone Park Company mess hall at Old Faithful opened its services to the general public on April 11.

The Yellowstone Park Company opened the General Offices in Mammoth on April 21 and 22. The Employment Office and the Transportation Division offices will remain in Gardiner.

The Company Staffeteria opened Monday, April 25.

WILDLIFE AND FISH CULTURAL ACTIVITIES. The first bear incident occurred on April 3 when a male grizzly bear attempted to break into the Ranger residence at Old Faithful. Because of his persistence in trying to break into the Station, he had to be shot. The bear was one that had been ear tagged as part of the Craighead grizzly study. He was four years old. Dr. Craighead was in the Park and collected hide, skull, blood, and tissue samples that will be useful to the study.

Boards and Trails. South and East Entrances were opened on April 30 at 8:00 A.M. for public travel; and West Entrance was opened for public travel on April 18, allowing travel to Old Trailhead and Western Entrance.

The rehabilitation of the Mammoth employee parking area is approximately 75% complete.

Traffic counters were installed at Main on Junction and East Entrance. These counters are read and checked daily by the road crew.

Forest Fire Protection. The training schedule for the Forest Fire Control Aid Training Conference, scheduled for June 13 - 21, was prepared. Films and training aids for the program were ordered.

Two hundred participants were received from Region 4, U. S. Forest Service on April 22. One hundred of the children were converted by Region 4 for cargo drop at a cost of \$3.00 each. The remaining 100 children will be converted for cargo drop by our management department during the winter period.

Films are being made to move the helicopter fire crew from Lake to West Yellowstone.

Congressional. The Yellowstone Park Service Station opened their Congressional Office on April 1.

The Yellowstone Park Company was held at Old Trailhead, opened the road to the general public on April 11.

The Yellowstone Park Company opened the General Office in Mammoth on April 21 and 22. The Employment Office and the Transportation Division offices will remain in Gardiner.

The Company Statistics opened Monday, April 21.

WILDLIFE AND FISH CULTURAL ACTIVITIES. The first boat launch occurred on April 3 when a male Grizzly bear attempted to break into the house of residents at Old Trailhead. Because of his persistence in trying to break into the house, he had to be shot. The bear was one that had been tagged as part of the Grayside Grizzly study. It was four years old. Mr. Grayside was in the park and collected hide, skull, blood, and tissue samples that will be useful to the study.

Bear Incidents:

	<u>April 1963</u>	<u>April 1964</u>	<u>April 1965</u>	<u>April 1966</u>
Bear Injuries	0	0	0	0
Bear Damage	0	0	1	1
Bears Killed				
for Control	0	0	0	1
by Accident	0	0	0	0
Bears Shipped to Zoos	0	0	0	0

Big Game Trend Count: The entire route via the upper Mammoth-Gardiner road to Reese Creek and return via the lower Mammoth-Gardiner road was covered for the first time this spring.

<u>Date</u>	<u>Elk</u>	<u>Deer</u>	<u>Antelope</u>	<u>Bighorn Sheep</u>
4/21	105	166	17	9

Elk Distribution: Relatively little specific information was obtained during April. On April 21, elk were still present along the upper Mammoth-Gardiner road and in the Gardiner-Reese Creek area. They were lower down in the Stevens Creek area than previously observed this winter. Elk were also present on the north end of Mount Everts. It seems likely that most elk remained in essentially the same winter range areas with perhaps wider dispersal in these areas in response to increased forage availability.

Pronghorn Distribution: By April 13, pronghorn were seen scattered throughout the winter range as far southeast as the 1958 Lamar Exclosure. On the 13th, 15 were observed at the Lamar River bridge, and on the 21st, 5 were seen near Blacktail Ponds and 3 near Junction Butte. The rapidity with which pronghorn moved to higher areas as snow disappeared was quite dramatic. Their movement to higher elevations so quickly is even more interesting because they seemed to move despite the greater availability of new green forage at the lower elevations.

Mule Deer Distribution: Mule deer were very abundant in the Mammoth-Reese Creek area throughout the month. On April 11, one group of 75 plus was observed near the Stevens Creek Ranch turnout.

Resource Management: Writing of the Natural Resources Management Plan for Yellowstone National Park was completed, the material assembled, and mailed to the Midwest Regional Office on April 21.

The 1965 Annual Fisheries Resource Management Report was also completed during April.

Bear Incidents:

	April 1963	April 1964	April 1965	April 1966
Bears Shipped to Zoo	6	0	0	0
by Accident	0	0	0	0
for Control	0	0	0	0
Bears Killed	0	0	0	0
Bear Damage	0	0	0	0
Bear Injuries	0	0	0	0

Big Game Animal Control: The entire route with the upper branch-Gardiner road to House Creek and return via the lower branch-Gardiner road was covered for the first time this spring.

Year	1961	1962	1963	1964	1965	1966
Elk	121	105	100	11	11	9

Elk Distribution: Relatively little specific information was available during April. In April 21, elk were still present along the upper branch-Gardiner road and in the lower branch-Gardiner area. They were lower down in the Stevens Creek area and probably of several years' age. Elk were also present on the north end of Mount Mansfield. It seems likely that most elk remained in essentially the same winter range areas with perhaps wider dispersal in these areas in response to increased forage availability.

Pronghorn Distribution: By April 13, pronghorn were seen throughout the winter range as far south as the 1965 lower branch-Gardiner road. It was observed at the lower branch-Gardiner road and on the lower branch-Gardiner road and 3 near Jackson Hole. The pronghorn with which pronghorn moved to higher areas as snow disappeared was more dramatic. Their movement to higher elevation as quickly as snow melted was interesting because they seemed to move toward the winter range of new green forage at the lower elevations.

Wolf Distribution: While there were very few wolves in the Stevens Creek area throughout the month, on April 13, one was observed near the Stevens Creek area on the lower branch-Gardiner road.

Resource Management: Working of the National Resource Management Plan for Yellowstone National Park was completed. The National Association was mailed to the National Wildlife Office on April 11.

The 1965 Annual Fisheries Resource Management Report was also completed during April.

PUBLIC AFFAIRS

Publicity. On each Thursday, the Yellowstone Weekly News was issued to keep employees, concessioners, and others currently informed of Park happenings.

One press release was issued on opening of Park Roads and facilities for 1966 season.

Religious and Chapel Use. Protestant services were held throughout the month at Mammoth.

Sunrise Services were held Easter Sunday, April 10 in the Chapel at 6:00 A.M. The Rev. John Lee officiated.

Big Hole National Battlefield. Acting Management Assistant Elroy W. Bohlin arrived at the Battlefield on April 20. By the end of the month all roads and trails were clear of snow.

Travel. The area opened for the 1966 season on April 21. During the month, 25 vehicles with 74 visitors arrived at the Monument.

Research and Observations. Two 45-70 rifle casings were found to augment the artifacts found by Aubrey Haines last fall and as a result another firing position was spotted along the 250 foot firing line that had not previously been located.

TRUCK TRAILERS

Typically, on each Thursday, the Yellowstone Weekly News is issued to keep physicians, concessionaires, and others currently informed of park happenings.

One press release was issued on opening of Park Road and for 1955 season.

Religious and Chapel Use. Protestant services were held throughout the month at Mammoth.

Quartus Services were held Easter Sunday, April 10 in the Chapel at 6:40 A.M. The Rev. John Lee officiated.

Alcohol National Nationalists. During the present season, 1955, 1000 arrived at the Nationalists on April 10. By the end of the month, all roads and trails were clear of snow.

Travel. The area opened for the 1955 season on April 11. During the month, 25 vehicles with 74 visitors arrived at the Mammoth.

Research and Observation. The 45-50 mile canyon was found to be the site of the artifacts found by Arthur Hooton last fall and is a very another firing position was spotted, along the 200 foot firing line. One had not previously been located.

YELLOWSTONE NATIONAL PARK
DESIGN AND CONSTRUCTION NARRATIVE
April 1966

Plans, Maps and Surveys

The following drawings were reviewed or approved:

Concessioner Working Drawing NP-YEL-8435, Converting Boilers from Coal Stokers to Oil Burners, Mammoth Motor Inn - not approved. Concessioner requested to furnish revised drawing incorporating combustion control.

Concessioner Working Drawing NP-YEL-8282, Cafeteria Sanitation Improvements, West Thumb - approved by Regional Director 4/22.

Concessioner Preliminary Drawing NP-YEL-8333, Landroast and Shower Building, Canyon Village - recommended by Chief, DCSSC, with comments, 4/11.

Concessioner Preliminary Drawing NP-YEL-8281, Service Station Dormitory, Canyon - recommended by Chief, DCSSC, with comments, 4/11.

Concessioner Working Drawing NP-YEL-8283, Power House Addition, Roosevelt Lodge - approved by Regional Director, subject to comments, 4/22.

Concessioner Working Drawing NP-YEL-8330, Remodeling Employee Residences, Mammoth - not recommended for year-round use.

Concessioner Working Drawing NP-YEL-8298, Mass House Installation, Riverside - not recommended.

Concessioner Working Drawing NP-YEL-8381, New Transportation and Information Counter, Old Faithful Inn - not recommended.

Preliminary Drawing NP-YEL-6229, Employee Trailer Court, Lake - approved by Regional Director 4/5.

Preliminary Drawing NP-YEL-6232-A, Parking Area, Roosevelt Arch, North Entrance - approved by Acting Regional Director 4/3.

Preliminary Drawing NP-YEL-6230, Bridge over Firehole River near Biscuit Basin - memorandum sent Region, with copy to SSC, objecting to type of railing and suggesting type we would prefer used on this bridge and on Bridge over Firehole River near Campground (drawing 6234).

Preliminary Drawing NP-YEL-6235, Extend Utilities, North and South Rim, Canyon, approved by Regional Director, with comments, 4/15.

Working Drawing NP-YEL-6239, Clearing, Grubbing, Thinning, Grant Village Concessioner Area, concurred by Acting Superintendent 4/25, subject to comments.

TRANSMISSIONS COMMITTEE
REPORT AND RECOMMENDATIONS
April 1977

Page 10 of 10

The following recommendations are proposed:

1. The Committee recommends that the following be adopted as the standard for the transmission of data in the form of a message:

Bid Openings

May 12 - FM Radio Communication System, in San Francisco.

Addendum No. 2 has been received with revised drawing.
New wage rates, expiring 8/12/66, have been received.

Tentative bid opening dates, as stated in requests for wage rates:

June 10 - Lighting and PA System, Old Faithful Amphitheater

June 22 - Incinerator and Dump, Grant Village
Incinerator and Dump, Lake

June 30 - Access Road to Battle Site, BIRD

Meetings attended by Management Assistant Budlong included

Staff meetings, April 7 and 21

Meeting re O'Brien Road System report, with Superintendent
and staff members, 4/15.

Studer and Cave are still the only contractors working. (Norris Bypass and East Entrance Road Reconstruction, respectively) Mike Dowd has returned as SFR engineer on the Norris Project; Project Engineer Gingrich is now supervising the East Entrance Road project.

the same time, a large number of people are still in the process of learning to use the Internet, and the Internet is still in the process of being developed and improved.

1. The first step in the process of identifying a problem is to define the problem. This involves identifying the symptoms of the problem and determining the scope of the problem. Once the problem has been defined, the next step is to identify the causes of the problem. This involves identifying the factors that are contributing to the problem and determining the underlying causes. Once the causes have been identified, the next step is to develop a plan of action. This involves identifying the steps that need to be taken to solve the problem and determining the resources that will be needed to implement the plan. Once a plan of action has been developed, the next step is to implement the plan. This involves carrying out the steps that have been identified in the plan and monitoring the progress of the implementation. Finally, the last step in the process is to evaluate the results of the implementation. This involves determining whether the problem has been solved and whether the resources have been used effectively.

BIG HOLE NATIONAL BATTLEFIELD
DESIGN AND CONSTRUCTION NARRATIVE

April 1966

Acting Management Assistant Bohlin moved to Big Hole National Battlefield April 20 and will reside in the small residence at the old Headquarters site until the new utility system is accepted and a trailer house can be put into use in the new residential area.

A request for wage rates indicates bids will be opened June 30 for construction of Access Road to Battle Site.

John S. McLaughlin

BIG HORN NATIONAL MONUMENT
BUTLER AND CONSTRUCTION DIVISION

April 1934

During management Assistant Butler was in Big Horn
territory April 20 and will return to the main residence at the
Big Horn National Monument with him. The main residence is located
a smaller house and he has been in the main residence since.

A request for more land has been made with the Department and
for construction of houses and is being made.
