1. The first of these is the fact that the
 2. of the world is not a uniform whole, but
 3. a collection of many different parts, each
 4. of which has its own life and character.
 5. This is true of the physical world as well
 6. as of the human world. The physical world
 7. is made up of many different kinds of
 8. matter, each of which has its own
 9. properties and laws. The human world
 10. is made up of many different kinds of
 11. people, each of which has its own
 12. characteristics and ways of life.

13. The second of these is the fact that the
 14. of the world is not a static whole, but
 15. a dynamic whole, which is constantly
 16. changing and developing.

17. The third of these is the fact that the
 18. of the world is not a simple whole, but
 19. a complex whole, which is made up of
 20. many different parts, each of which
 21. has its own life and character.

22. The fourth of these is the fact that the
 23. of the world is not a uniform whole, but
 24. a collection of many different parts, each
 25. of which has its own life and character.

26. The fifth of these is the fact that the
 27. of the world is not a static whole, but
 28. a dynamic whole, which is constantly
 29. changing and developing.

30. The sixth of these is the fact that the
 31. of the world is not a simple whole, but
 32. a complex whole, which is made up of
 33. many different parts, each of which
 34. has its own life and character.

35. The seventh of these is the fact that the
 36. of the world is not a uniform whole, but
 37. a collection of many different parts, each
 38. of which has its own life and character.

39. The eighth of these is the fact that the
 40. of the world is not a static whole, but
 41. a dynamic whole, which is constantly
 42. changing and developing.

Report Inl

OFFICE OF THE SUPERINTENDENT

July 15, 1959

Memorandum

To: Director
From: Superintendent, Yellowstone National Park
Subject: Monthly Report for June 1959

Following is the report of activities for Yellowstone National Park during the month of June 1959:

General

Weather. The weather for June was cool and wet. Precipitation was recorded on 17 days. Maximum temperature recorded at Mammoth was 87 degrees; minimum 32 degrees. Total precipitation was 2.66 inches.

Rains caused rocks to fall on many highways in the Park. Much slide removal work was required on the Gardiner Entrance road. A large rock slide closed the East Entrance road on June 19 for about ten days.

Increase or Decrease in Travel. Travel for the month of June showed an increase of 6.2 per cent above June 1958, with 286,162 visitors against 264,588. Yearly travel through June was 4.5 per cent above the same period last year with 336,368 visitors against 321,912.

Beartooth highway opened June 2 as against May 30 last year.

The road from Cody to East Entrance was closed by a slide from June 19 to June 29 which may have contributed to the cause for East Entrance showing a decrease of 1.0 per cent from last June.

South Entrance has recorded the largest number of visitors to date.

Boats showed an increase over last year of 12.2 per cent, 907 against 808. Trailers showed a marked increase of 17.7 per cent, 3,084 against 2,620.

OFFICE OF THE SUPERINTENDENT

July 11, 1907

Memorandum

To: Director

From: Superintendent, Yellowstone National Park

Subject: Monthly Report for June 1907

Following is the report of activities for Yellowstone National Park during the month of June 1907:

(General)

Visitors. The number of persons who entered the park during the month of June 1907, was 10,000. This number includes the number of persons who entered the park by automobile, on horseback, and on foot.

There were 10,000 persons who entered the park during the month of June 1907. This number includes the number of persons who entered the park by automobile, on horseback, and on foot.

Incidents at Mammoth Hot Springs. There were no incidents at Mammoth Hot Springs during the month of June 1907. The number of persons who entered the park by automobile, on horseback, and on foot, was 10,000.

Incidents at Yellowstone National Park. There were no incidents at Yellowstone National Park during the month of June 1907. The number of persons who entered the park by automobile, on horseback, and on foot, was 10,000.

The road from Cody to West Yellowstone was closed by a fire. This was due to the fact that the fire was too large to be controlled. The road was closed for a period of 10 days.

Some persons who entered the park during the month of June 1907, were killed by a fire.

There were no incidents at Yellowstone National Park during the month of June 1907. The number of persons who entered the park by automobile, on horseback, and on foot, was 10,000.

Inspections. Mr. John C. Gynn, Division of Blister Rust Control, U. S. Forest Service, Missoula, Montana, arrived June 8, in connection with blister rust operations.

Mr. Archie Turnnock, U. S. Forest Service, Missoula, was in the Park on the 11th and 12th inspecting trees in the Mount Washburn area for *Dendroctonus monticolae* (mountain pine beetle). No infested trees were found. Messrs. Gynn and Reeves accompanied him on this inspection.

Mr. R. E. Novick, Senior Assistant Sanitary Engineer and Mr. O. D. Moore, Regional Milk and Food Consultant of the U. S. Public Health Service, Denver, were in the Park on June 16. Mr. Moore and Mr. Andrews of Mammoth made inspections of all the food and drink handling establishments in the Park during the last two weeks of the month.

Mr. Harvey R. Reynolds, Program and Plans Manager, Region Two, arrived June 17 and left on the 18th. He reviewed construction programs and road programs.

Regional Two Historian Merrill J. Matkes in June 17 on museum prospectus for Madison Visitor Center, and historic structures reports for the Norris Soldier Station, Cottage Hotel and Yanceys. Also, reviewed the progress on the Historical Research Project for Big Hole Battlefield National Monument.

Mr. Jack Kozel of the Washington Office audio-visual aids branch was in the Park from June 24 to 27, and began work on the automatic slide-tape installation at Canyon Visitor Center.

U. S. Attorney John F. Raper of Cheyenne, Wyoming, was in the Park on June 24.

Supervising Landscape Architect C. E. Krueger, and Donald L. Bressler, Supervising Highway Engineer, WODC, Dan Harrington, Federal Project Engineer and B. Burghardt, Bridge Engineer, BPR, Denver, and Erick Barhart, Engineer in Charge of Construction, Bureau of Public Roads, Washington, D. C., were in the Park June 25 and 26.

Regional Director Howard W. Baker was in Yellowstone on June 29 to attend Mount Washburn dedication July 1.

Professor Kent J. Roberts, Department of Engineering, Missouri School of Mines, has been assigned to Yellowstone for the summer, as a civil engineer. Twelve young men have been hired by WODC for summer work here.

Special Visitors. Mr. Donald Payne, former seasonal ranger, visited the Park on June 4 en route to Mt. McKinley National Park.

Governor J. J. Hickey of Wyoming stayed at Canyon Village June 30 to attend the Mt. Washburn dedicating ceremonies on July 1.

Inspection. Mr. John C. Gynn, Division of Blister Bug Control, U. S. Forest Service, Missoula, Montana, arrived June 8, in connection with blister bug operations.

Mr. Archie Turnock, U. S. Forest Service, Missoula, was in the Park on the 11th and 12th inspecting trees in the Mount Washington area for *Dendroctonus ponderosae* (mountain pine beetle). No infested trees were found. Messrs. Gynn and Turner accompanied him on this inspection.

Mr. E. E. Novick, Senior Assistant Entomologist and Mr. O. D. Moore, Regional Milk and Food Commissioner of the U. S. Public Health Service, Denver, were in the Park on June 11. Mr. Moore and Mr. Andrews of Kansas made inspections of all the food and drug handling establishments in the Park during the last two weeks of the month.

Mr. Harvey E. Reynolds, Program and Plans Manager, Region Two, arrived June 17 and left on the 18th. He reviewed construction programs and road programs.

Regional Two Historical Society J. Nelson, in June 17 on business for the National Visitor Center, and historical societies reports for the North Soldier Station, Cottage Hotel, and Kootenai. Also, reviewed the progress on the historical research project for Big Hole Battlefield National Monument.

Mr. Jack Kozel of the Washington Office made visual slide program was in the Park from June 24 to 27, and paper work on the monument slide-tape installation at Canyon Visitor Center.

U. S. Attorney John T. Baker of Chicago, Illinois, was in the Park on June 24.

Supervising Landscape Architect G. E. Thompson, and Forest Ranger, Supervising Highway Engineer, W. H. Brown, and Ranger, Forest Project Engineer and E. Thompson, Bridge Engineer, Mr. Brown, and Rick Brown, Engineer in Charge of Construction, Bureau of Public Roads, Washington, D. C., were in the Park June 25 and 26.

Regional Director Howard W. Baker was in Yellowstone on June 29 to attend Mount Washburn dedication July 1.

Professor Paul J. Roberts, Department of Engineering, University of Mines, has been assigned to Yellowstone for the summer, as a civil engineer. Twelve young men have been hired by him for summer work here.

Special Visitors. Mr. Donald Ryan, former seasonal ranger, visited the Park on June 7 en route to Mt. Washburn National Park.

Governor J. J. Michener of Wyoming stayed at Canyon Village June 30 to attend the Mt. Washburn dedicating ceremonies on July 1.

U. S. Senator Gale W. McGee from Wyoming was in the Park June 24 and 25.

Dr. and Mrs. Edward H. Rynearson, Chief of Sections of the famous Mayo Clinic, Rochester, Minnesota, visited the Park June 11 en route to a meeting of the Wyoming Medical Association, Jackson, Wyoming. Mr. Rynearson served as seasonal ranger in Yellowstone for several years in the early 1920's.

Mr. Jack Streb of Eastman Kodak Company in June 19-24 on a photographic mission on geology to be used in a special show on "The Face of America."

Mr. Reay H. H. Smithers, Director, National Museum of Southern Rhodesia, Bulawayo, South Rhodesia, arrived in the Park June 19, accompanied by Dr. Alfred Bailey and Mrs. Bailey, Director of Museum of Natural History, Denver. Mr. Smithers is in the United States under sponsorship of Carnegie Corporation. He is very interested in Park administration and problems, and keenly interested in wildlife protection.

Mr. Pete Van Valin, Michigan State Game Commission, visited the Park on the 8th.

Mr. William D. Hobbs, photographer for Eye Gate House in June 26. Mr. Hobbs is making educational film strips on Yellowstone and other national parks.

The Board of Directors of the Mountain States Telephone and Telephone Company and members of the Wyoming Advisory Board held a meeting in the Lake Hotel on June 23 through July 1. Park Naturalist Hewitt provided Interpretive service for the group on June 30.

Mr. Hans H. Wollenreber, Forester, Burghausen, Hesse, Germany, arrived in the Park on June 11 to become acquainted with procedures used in operating a national park and particularly the use of airplanes in fire fighting.

Wildlife photographer Warren Garst was in the Park on June 29.

Mr. Donald Libbey, Jr., Chief Geologist, American Potash Company, Carlsbad, New Mexico visited the Park on June 13-17.

Mr. Robert Twedell, photographer for the Denver Post was in the Park June 16-18.

Special Activities. Chief Park Ranger Brown returned from a reunion of Mountain Troops in Denver on June 1. On the 4th Mr. Brown attended a meeting of the Isaak Walton League in Jackson, Wyoming. On the 9th he went to Bosman on land acquisition in Gardiner.

The Beartooth Highway from Red Lodge to Cooke City was opened to public travel June 2, one day later than scheduled, due to snowstorms and blizzard conditions.

June 4 was the third annual Good Neighbors Day in Yellowstone National Park. More than 120 people, including representatives from several cities in Montana, Idaho and Wyoming were guests of the park concessioners at a social hour in Canyon Village, followed by a no-host dinner. After dinner Superintendent Garrison, Mr. Mantley Child and Mr. Trevor S. Povah spoke to the group on improvements under the MISSION 66 program. Park Naturalist Beal presented an illustrated talk entitled "Yellowstone's Visitors" in the Canyon Visitor Center auditorium.

National Park Service officials went to Livingston on June 4 on a Show-Me trip through the Mountain States Telephone and Telegraph Company's office and installations. A group from the telephone company in Livingston visited the Park on June 5 in connection with their operations here.

Chief Park Ranger Brown and West District Ranger Davis attended the Upper Gallatin Conservation Committee Meeting on June 7.

Superintendent Garrison visited Grand Teton National Park on the 10th to confer with Superintendent Oberhansley on park matters.

Assistant Chief Park Ranger Sylvester and South District Ranger Reynolds went to Evanston, Wyoming, June 12-14 to attend the annual meeting of the Wyoming Sportsmen Association, a state affiliate of the National Wildlife Federation.

Frontier Airlines are to serve Jackson, Wyoming, this summer, instead of Western Airlines. The first test flight was made on June 14.

A directive was issued by the Superintendent requesting that truck deliveries in the Park be confined to the hours of 5:00 p.m. to 7:00 a.m., commencing June 20 and continuing through August 31, in an effort to relieve traffic congestion on Park roads during the daytime.

Superintendent Garrison accompanied by Messrs. Gastellus, Bowe, Mattson and Brown went to Grand Teton National Park on June 20 to confer with Director Wirth on campground development and other park problems.

The Local U. S. Civil Service Board gave an examination for Clerk on the 4th, and a Stenographer-Typist examination on the 12th.

Yellowstone Lake was opened to fishing on June 15.

Staff meetings were held June 3 and 26.

The National Highway from Park Lodge to Cedar City was open to public travel June 5, one day later than scheduled, due to snowing and blizzard conditions.

June 6 was the third annual Good Neighbors Day in Yellowstone National Park. More than 100 people, including representatives from several cities in Montana, Idaho and Wyoming were present at the picnic. A social hour in Canyon Village, followed by a noon dinner. After dinner Superintendent Garrison, Mr. William Child and Mr. J. P. Foy spoke to the group on the importance of the National Park. Mr. Foy presented an illustrated talk on the Yellowstone National Park in the Canyon Visitor Center auditorium.

National Park Service officials were in Yellowstone on June 6 on a show-the-trip through the National States Highway and Teton Company's office and travel agents. A group from the Teton Company in Livingston visited the Park on June 5 in connection with their operations here.

Chief Park Ranger Brown and Warden District Ranger Lewis accompanied the Upper Gallatin Game Warden on June 7.

Superintendent Garrison visited Grand Teton National Park on the 10th to confer with Superintendent Stephenson on park matters.

Assistant Chief Park Ranger Stephens and Warden District Ranger Reynolds went to Evanston, Wyoming, June 11-12 to attend the annual meeting of the Wyoming Game Warden Association, a state affiliate of the National Wildlife Federation.

Frontier Airlines was to serve Jackson, Wyoming, this summer, instead of eastern Airlines. The first test flight was made on June 14.

A directive was issued by the Superintendent regarding truck deliveries in the Park on June 20 at 3:00 p.m. to 7:00 p.m., commencing June 20 and continuing through August 31, in an effort to relieve traffic congestion on Park roads during the day.

Superintendent Garrison accompanied by Forest, Game, Fish, and Game Warden and Brown went to Grand Teton National Park on June 20 to confer with Director Smith on campground development and other park problems.

The local U. S. Civil Service Board gave an examination for Clerk of the 4th, and a stenographer-typist examination on the 14th.

Yellowstone Park was opened to skiing on June 15.

Staff meetings were held June 3 and 10.

Park Naturalist Deal provided interpretive services for a group of 25 from the Montana Association of the Blind on June 27. Mr. Deal also presented a program for 250 Montana State University students and faculty at Missoula, Montana, on June 30.

Administration

Personnel. Mr. Donald A. Newhart, promotion to Foreman 11, Plumber, effective June 1.

Mr. George H. Callagher, Civil Engineer, promotion, effective June 3, to newly established Civil Engineer position in the South District of the Division of Maintenance and Operation of Physical Facilities.

Mr. Darrell L. Cox, Park Ranger, Trainee, GS-5, effective June 8.

Mrs. Flora House, conversion to reinstatement (career), Mail and File Clerk, GS-3, effective June 11.

Mr. Vernon Andrews, Junior Assistant Sanitary Engineer, U. S. Public Health Service, reserve officer, assigned to Yellowstone, was promoted June 17 to Assistant Sanitary Engineer.

Mr. Howard H. Chapman (lateral) from Recreational Planner, Region Five Office, to Supervisory Park Ranger, (Law Enforcement Officer), GS-7, effective June 24.

Mr. Arthur W. Minish, Reassignment & Change of Appointing Office, from Independence National Historical Park, Philadelphia, to Construction and Maintenance Superintendent (Roadways), GS-11, effective June 23.

Mr. Robert N. McIntyre, promotion, from National Park Service Training Center, Yosemite National Park, to Chief Park Naturalist, GS-13, effective June 28.

In-Service Training. On June 2, the day the Beartooth Highway was officially opened, Superintendent Garrison announced that all women in the permanent force should be taken on a Show-Me trip to observe snow conditions on the Red Lodge-Cooke City highway. It was a beautiful day and an interesting and instructive trip.

Superintendent Garrison conducted a meeting on general matters for all employees on June 11. This was the first of a series of similar programs.

A conference for seasonal rangers and ranger-naturalists was held June 16-19, on various phases of their work, including a two-day field trip.

1. The first step is to identify the problem or question that needs to be answered. This involves understanding the context and the specific requirements of the task.

11. *Chrysomelidae* (Colorado potato beetle, etc.)

1. The first part of the document is a letter from the President of the United States to the Congress, dated January 3, 1862. It is a message of condolence to the people of the State of California, who have been afflicted by a severe drought. The President expresses his sympathy for the suffering and his hope that the Congress will take prompt action to relieve the distress.

and no further action was taken.

On all requests for data for this and any other project, the following information should be provided:

1. The first step in the process of identifying a problem is to determine the nature of the problem. This involves a thorough understanding of the situation and the factors that may be contributing to the problem. Once the nature of the problem is understood, the next step is to identify the causes of the problem. This can be done by conducting a detailed analysis of the situation and the factors that may be contributing to the problem. Once the causes of the problem are identified, the next step is to develop a plan of action to address the problem. This plan should be based on the identified causes and should take into account the resources available to address the problem. Finally, the plan of action should be implemented and the results should be monitored to ensure that the problem is resolved.

A training session was conducted for the Fire Control Aids employed for the 1959 season, June 23 through the 25th.

A training course by Montana Liquid Gas Association was held in the Canteen on June 24.

An In-Service training Field Trip was conducted for the Blister Rust employees on June 19.

Re-Organization. The organization for the three districts for light maintenance and the operation of utilities and campgrounds has been going into effect during the month with favorable results.

The load limit on motor vehicles was raised to 450 pounds per inch width of tire on June 17, on all Park roads.

Another Spot Bid Sale was held on June 3, amounting to \$10,000 for 16 items. The transaction was consummated in 2 hours and 25 minutes.

Births. A son, Kevin Patrick, was born June 13, to Mr. and Mrs. Patrick McGarvey at the Mammoth Hospital. The McGarveys were visitors from Idaho Falls.

A daughter, Sandra Lynn, was born June 12, to Mr. and Mrs. James Keithley at the Mammoth Hospital. Mr. Keithley is employed by Yellowstone Park Company as a carpenter, and a winterkeeper at Old Faithful.

A daughter, Martha Ann, was born June 17, to Mr. and Mrs. William Biastoch at Mammoth Hospital. Mr. Biastoch is Property Management Assistant for the National Park Service at Mammoth.

Deaths. Mrs. Lillian Josephine Garro, died June 17 of a heart attack at West Thumb Campers Cabins. She was a visitor from Otis, Oregon. Age 73.

Mr. Harvey J. Moore, 65, Bonsall, California, a diabetic, died at the Mammoth Hospital, June 2. A visitor.

Miscellaneous. The regular monthly meeting of the National Federation of Federal Employees was held June 1. It was also Ladies Night.

The regular monthly meeting of the American Federation of Government Employees was held June 8.

The community was invited to Open House at Mr. and Mrs. David Pearson's on June 16, honoring their 25th wedding anniversary.

Chief Park Ranger Otto M. Brown flew to New York City on July 13 to appear on the CBS-TV program "To Tell the Truth" on the 16th. The subject for the panel was the Chief Park Ranger of Yellowstone National Park. All expenses for the trip were paid by CBS. Many Park Service employees in various sections of the country saw Otto on this program.

A training session was conducted for the State Council Affairs
employees for the 1955 session, June 11 through the 12th.

A training course by National Public Health Association was held
in the Campeon on June 11.

An In-Servico training field trip was conducted for the
Blister Rust employees on June 12.

Re-Organization. The organization for the three districts
for light maintenance and the operation of utilities and engineering
has been going into effect during the month with favorable results.

The load limit on motor vehicles was raised to 4,500 pounds
per inch width of tire on June 11, on all four wheels.

Another spot sale was held on June 11, amounting to \$10,000.
for 10 items. The transaction was completed in 1 hour and 15 minutes.

Births. A son, Edwin Patrick, was born June 11, to Mr. and
Mrs. Patrick McGraw of the Northwest Hospital. The McGraws were
visitors from Idaho Falls.

A daughter, Mary Lynn, was born June 11, to Mr. and Mrs.
James McElroy at the Northwest Hospital. Mr. McElroy is employed by
Yellowstone Park Company as a carpenter, and a subcontractor at Old
Fishing.

A daughter, Mary Ann, was born June 11, to Mr. and Mrs.
William Blalock at the Northwest Hospital. Mr. Blalock is Property
Management Assistant for the National Park Service at Mammoth.

Deaths. Mrs. William Josephine Carter, died June 11 of
a heart attack at West River Camp, Idaho. She was a visitor from
Olathe, Oregon. Age 73.

Mr. Harvey J. Moore, 65, Bismarck, California, a diabetic,
died at the Northwest Hospital, June 11. A visitor.

Religious. The regular monthly meeting of the National
Federation of Local Employees was held June 11. It was also held
night.

The regular monthly meeting of the National Federation of
Government Employees was held June 11.

The community was invited to open house at Mr. and Mrs.
David Hansen's on June 10, honoring their high wedding anniversary.

Chief Park Ranger Otto H. Brown flew to New York City on
July 13 to appear on the CBS-TV program "To Tell the Truth" on the
14th. The subject for the panel was the Chief Park Ranger of Yellow-
stone National Park. All expenses for the trip were paid by GSA.
Many Park Service employees in various sections of the country saw
Otto on this program.

The Summer Slalom held annually on the Beartooth Highway was attended by many local skiers. Two boys employed by the Mammoth Coffee Shop placed second and third in the Class "C" event.

On June 30 permanent residents of Yellowstone National Park elected a School Board. This is the first time the School Board has been elected; previously the Board was appointed by the Superintendent. Mr. Luis A. Castellum is Chairman of the new Board, Robert E. Howe, Secretary-Treasurer, and Thomas B. Hyde, Board Member.

Accidents and Public Safety. There were 43 motor vehicle accidents during the month, and 11 personal injuries were reported.

Six persons were injured by bears for the season to the end of June.

Larry Robinson, son of Tower Fall Sub-District Ranger Robinson, fell 35 feet while climbing a tree on June 26. His left arm and pelvic bone were broken, and right wrist fractured.

Rangers in the Canyon District made a rescue of three Boy Scouts from the bottom of Uncle Tom's Trail on the 17th. These boys had walked beyond the end of the trail. All were from Rancho Sawatch Boy Scout Camp, Buena Vista, Colorado.

Cooperative Activities

Publicity. On each Thursday, the Yellowstone Weekly News was issued to keep employees, concessioners and others currently informed of Park happenings.

There were three press releases issued. June 18: Release and pictures of appointment of Robert N. McIntyre as Chief Park Naturalist; June 19: Re-opening of Mount Washburn Road, July 1; June 30: Contract award to Cop Construction Company for ten residences at Mammoth.

Religious and Chapel Use. The schedule for religious services throughout the Park was posted in the field areas. By the end of the month, services for all faiths were being held. The Chapel was used from May 25 to June 5 for Bible school.

Museum Activities and Exhibits. Dr. Erling Dorf conferred on preliminary material for a roadside exhibit on Fossil Forests. The final phase of this field work was begun on June 15. Dr. Dorf and his three students departed from the Park at the end of June.

Four roadside exhibit panels are under construction: The Gallatin Range, Roaring Mountain, Winter Wildlife and Water - Where it Flows. A discussion was held on the proposed exhibit panels for Big Hole Battlefield National Monument.

The Mammoth, Old Faithful, Fishing Bridge and Canyon Visitor Centers were open to public use throughout the month. The Visitor Centers at Madison and Norris were opened on June 4.

Research and Observation. Four members of a geology field group from Ohio State and Wayne University arrived June 24. Two members of the party will make a study of the geology of the Mount Washburn area.

Mr. Frederick K. Truslow of the National Geographic was in the Park on June 10 photographing Trumpeter Swan.

Dr. M. D. Beal submitted a progress report and three completed chapters on the Nez Perce War Research for Big Hole Battlefield to the Superintendent on June 12.

On June 13, Dr. Carling Melouf, Dee Taylor and Jacob Holfman of Montana State University met with the Superintendent and Park Naturalist Beal to discuss archeological research being done by the University under contract with the Region Two Office.

Natural History Association. In response to an appeal for financial assistance from the Director, the Yellowstone Library and Museum Association sent a contribution of \$1,000 for publishing National Park Service Career Brochures on June 3.

Concessioners. The most extensive In-Service orientation training course was undertaken by the Park concessioners during the week of June 12-21, in an endeavor to acquaint Yellowstone Park employees with first-hand and accurate knowledge of the Park. The Yellowstone Park Company furnished buses for their employees, other Park concessioner employees, and the National Park Service employees. Hamilton Stores, Inc. furnished box lunches for all those who made the trip. Transportation and lunches gratis. Ranger Naturalists and Yellowstone Park Company officials met the groups and explained Park features and operations.

Mrs. William M. Nichols, Chairman of the Board of Directors for the Yellowstone Park Company arrived in the Park June 5. Mr. John Q. Nichols, President of the Yellowstone Park Company and Mrs. Nichols arrived in the Park June 9. Mr. Nichols has been in New York City several months receiving treatment for his hearing.

A meeting with the Park concessioners was held in the Superintendent's office on June 9. A number of items under old business were discussed and a number of new items were brought up.

Mr. Richard L. Stone, a student at Idaho State College, Pocatello, Idaho, is the new publicity director for the Yellowstone Park concessioners, succeeding Bill Hall.

1. The first step is to identify the problem or goal. This involves understanding the current situation and what needs to be achieved.

At the time of the investigation, the subject was in the custody of the FBI and was being held in the Federal House of Detention in New York City. The subject was being held in the Federal House of Detention in New York City.

1. The United States is a free country and the people of the United States are entitled to the same rights and freedoms as the people of any other free country.

ALL INFORMATION CONTAINED HEREIN IS UNCLASSIFIED

Mr. Dick Ferguson, a coach at Banning High School, Banning, California, has been selected as Recreation Director for the Yellowstone Park Company.

Superintendent Garrison approved the following: Amendment No. 12-A, Yellowstone Park Company, for rates covering Stevenson Island Fish Fry on June 24. Amendment No. 6, Hamilton Stores, Inc., for rates covering cigarettes on June 25. Rates for food and fountain items for Tower Fall and Roosevelt Lodge, for Haynes Inc., on June 2.

The Yellowstone Park Company and Montana Physicians Service contract was signed June 13 and the permanent employees of the Yellowstone Park Company are now participating in the medical service. Permanent employees of Hamilton Stores, Inc. are also participating.

The Yellowstone Medical Service opened its hospital at Mammoth on June 1.

The Yellowstone Park Service Station at Fishing Bridge opened June 6; the station at Old Faithful opened June 10.

Haynes Store at Tower Fall opened June 6.

The following establishments of the Yellowstone Park Company opened on June 6: the Fishing Bridge Campers Cabins, cafeteria and garage; Canyon Campers Cabins; West Thumb Campers Cabins and cafeteria; Mammoth Hotel and Cottages, Grill and garage; Old Faithful Inn rooms. Old Faithful Inn dining room, Lake Hotel and Lake Lodge, cabins and dining room opened June 13. Roosevelt Lodge opened on June 20.

Horseback rides sponsored by the Yellowstone Park Company started at Old Faithful and Mammoth June 6, and at Roosevelt Lodge on June 20.

A new service was inaugurated at Roosevelt Lodge on June 27. Stagecoach trips are made several times a day from Roosevelt Lodge to Pleasant Valley. One trip includes a barbecue dinner at Yancey's. Old-fashioned stagecoaches and tallyhos are being used and the rides are very popular with adults as well as children.

The Railroads started delivering their passengers on June 22 and the Park buses began regular operations, to continue through September 3.

By June 22, all Park operations were operating.

Road Maintenance. The Red Lodge road was opened to travel on June 2 but standby crews were maintained for storms and slides.

A very serious and important question is raised by the fact that the only person who has been able to obtain a copy of the report is the person who has been accused of the crime. This is a very serious situation and it is one which should be taken into account by the court. The court should consider the fact that the only person who has been able to obtain a copy of the report is the person who has been accused of the crime. This is a very serious situation and it is one which should be taken into account by the court.

1. The first thing I noticed when I stepped out of the plane was the cold, crisp air. It was a relief after the warm, humid air of the tropics. I looked around and saw a vast, open landscape with rolling hills and a few scattered trees. The sky was a deep, clear blue, and the sun was shining brightly. I felt a sense of freedom and adventure as I explored this new world.

... ..

SECRET

The Mt. Washburn road was snowplowed by dozer and tractor, finishing June 17. There was considerable difficulty meeting the target date of July 1 due to rain and snow storms. The project was not finished by the end of the month and will require several days.

Trails and Sidewalks. Repairing and replacing of several walks, and clearing of many trails continued throughout the month.

Construction. Fine grading, seeding and planting in the Canyon area was completed. The Gardner River bridge approaches have been completed and pavement laid although a serious slide condition remains and probably will continue indefinitely on the north approach to the lower bridge.

Several contractors have resumed work on their projects and construction progress appears satisfactory.

Bids for construction of ten single-story 3-bedroom frame residences at Mammoth were opened June 26. Cop Construction Company of Billings, Montana, was awarded the contract in the amount of \$181,150. Bids for continuation of water main extension under Fishing Bridge were opened June 29. Contract was awarded to Cop Construction Company in the amount of \$10,374.00, and for water main and fire hydrants at Fishing Bridge, awarded to Cop Construction Company for \$40,125.00.

Complaints. There were four complaints received during June; three were dissatisfaction with accommodations, and one regarding unsanitary conditions at Lewis Lake campground.

Protection and Ranger Service. The special assignment of photographing grass study plots on the Northern Elk Range was completed on the 16th by Ranger Packard.

The U. S. Geological Survey team is mapping the Lamar Sub-District.

Law Enforcement. A total of 24 court cases were heard before the U. S. Commissioner during the month. Fines totaled \$785. There were eight cases of fishing in closed waters and five for driving without a license.

Wildlife and Fish Cultural Activities. The U. S. Fish and Wildlife Service has requested the National Park Service personnel to catch fish from the Lamar River and Buck Lake so the effect of Spruce Budworm spraying on fish can be ascertained.

ANTELOPE. Several antelope frequent the North Entrance area and the first new kids were observed on the 27th.

1. The first step in the process of the investigation is to identify the problem. This is done by the investigator who is assigned to the case. The investigator will then gather information about the problem and the people involved. This information will be used to develop a plan of action.

1. The first step in the process of identifying a problem is to define the problem. This involves identifying the symptoms of the problem and determining the scope of the problem. Once the problem has been defined, the next step is to identify the causes of the problem. This involves identifying the factors that are contributing to the problem and determining the underlying causes. Once the causes have been identified, the next step is to develop a plan of action. This involves identifying the steps that need to be taken to solve the problem and determining the resources that will be needed to implement the plan. Finally, the last step in the process is to implement the plan and monitor the results. This involves putting the plan into action and tracking the progress of the solution. Once the problem has been solved, the final step is to evaluate the results and determine if the solution was effective. This involves comparing the results of the solution to the original problem and determining if the problem has been resolved.

Several observations were made that are of interest to the study of the effects of the environment on the development of the brain. The first observation was that the brain of the rat that was exposed to the enriched environment was significantly larger than the brain of the rat that was exposed to the impoverished environment. This observation is consistent with the findings of other studies that have shown that the environment can influence the size of the brain. The second observation was that the brain of the rat that was exposed to the enriched environment was significantly heavier than the brain of the rat that was exposed to the impoverished environment. This observation is also consistent with the findings of other studies that have shown that the environment can influence the weight of the brain. The third observation was that the brain of the rat that was exposed to the enriched environment was significantly more complex than the brain of the rat that was exposed to the impoverished environment. This observation is also consistent with the findings of other studies that have shown that the environment can influence the complexity of the brain.

UNITED STATES DEPARTMENT OF THE INTERIOR
NATIONAL PARK SERVICE

MONTHLY PROGRESS REPORT

Fullerton National Park

Project Name: Fullerton National Park
Project Number: 100-1

Project Status: ☐ Not Started ☐ In Progress ☒ Completed

Project Location: Fullerton National Park

Report Date: 10/1/50
Page: 1 of 1

1. Project Name	2. Project Number	3. Project Status	4. Project Location	5. Construction Schedule				6. Remarks
				Start Date	End Date	Actual Date	Remarks
