OUTDOOR PROGRAM 1957

NATIONAL CAPITAL PARKS

THE GLADNESS OF NATURE

Is this a time to be cloudy and sad,
When our mother Nature laughs around;
When even the deep blue heavens look glad,
And gladness breathes from the blossoming ground?

There are notes of joy from the hang-bird and wren,
And the gossip of swallows through all the sky;
The ground-squirrel gaily chirps by his den,
And the wilding bee hums merrily by.

There's a dance of leaves in that aspen bower,
There's a titter of winds in that beachen tree,
There's a smile on the fruit, and a smile on the flower,
And a laugh from the brook that runs to the sea.

And look at the broad-faced sun, how he smiles
On the dewy earth that smiles in his ray,
On the leaping waters and gay young isles;
Ay, look, and he'll smile thy gloom away.

—William Cullen Bryant

SUPPLEMENTAL INFORMATION

The events listed in the preceeding section are organized and conducted by Park Naturalists or Park Historians. There is no charge for their services and the only cost is for transportation where shown.

Meeting places may usually be reached by regular street cars and buses operated by the D. C. Transit Company. Call their Information Department (DUpont 7-7625, Ext. 572) for details.

WALKS: These leisurely walks are led by Park Naturalists who introduce the plants, animals, and geology of your parks. On some, guest experts share their knowledge and experience. Each presents a specific outdoor subject but the unexpected opportunity to observe wildlife in its natural habitat can and does enliven the trips. Trips are conducted in a variety of places in the National Capital Parks, while some are repeated at different seasons to give a more comprehensive coverage of the natural features.

All activities are conducted regardless of inclement weather and, unless otherwise noted, they start and end at the same place.

HIKES: Longer and more strenuous walking trips are scheduled during the cooler seasons. A Park Naturalist leads these trips and points out natural features along the way. In some cases the trails are steep and rough and hikers should wear shoes and clothing that are sturdy and comfortable. Those going by chartered bus should make reservations (see ticket information under CARAVANS).

LEVEL WALKER HIKES: These hikes are conducted on the Chesapeake and Ohio Canal towpath in April, May, and June and are repeated in September, October, and November. To become a certified member of the "Society of Honorary Level Walkers" each hiker must complete all eight hikes. Ask the Park Naturalist how to earn your membership certificate.

CARAVANS: Half-day and all-day trips are made by chartered bus to nearby areas administered by the National Park Service. A Park Historian or Park Naturalist is in charge of each trip and presents interpretive talks at the destination. On some of the caravans conducted by the Park Naturalist, there will also be opportunity to hike along woodland trails.

Please make reservations, to assure that seats will be available. Call D. C. Transit Company, Chartered Coach Department, FEderal 3-5200, Ext. 653, 8:30 a.m. to 5 p.m. Monday through Friday. Tickets are sold there before departure and fare includes tax.

Each person must bring his own picnic lunch and drink. On all-day trips, evening snacks may be eaten on the buses. Arrangements cannot be made to eat at restaurants and usually there is no place to buy food en route. There are short comfort stops on the longer trips. Caravans leave on schedule regardless of inclement weather.

HISTORICAL TOURS: Visits to national memorials in and about the Nation's Capital are conducted by Park Historians and provide an opportunity to become acquainted with the history and significance of Washington's public monuments. This series of walks makes available the history of several of the larger memorials and public buildings in greater detail than is usually presented in the areas themselves. The walking distance is short and the pace leisurely.

BIRD WALKS: Park Naturalists lead these walks, identifying the more common birds and explaining the fundamentals of birdwatching.

Suitable footwear is important and binoculars are helpful. Persons bringing children's groups should call the Park Naturalist (REpublic 7-1820, Ext. 2557) at least one week in advance and leadership will be provided if available.

EVENING ADVENTURES: On Tuesday and Thursday evenings during summer colorful programs planned for all ages, especially family groups, are presented by Park Naturalists. Facilities do not permit cooking in these areas but if you wish, bring a picnic supper to eat before the program.

The programs covering many phases of natural history related to National Capital Parks and areas of the National Park system, include illustrated talks, movies, walks, demonstrations, singing, stories, games and often live animals. The "Naturevan," a unique and outstanding audio-visual mobile unit, is used in this and many other outdoor events. These programs are cancelled in case of rain.

BARGE TRIPS: Mule-drawn barge trips on the Chesapeake and Ohio Canal are conducted in cooperation with Government Services, Inc. A Park Historian or Naturalist accompanies each scheduled trip to interpret the history of the Canal and natural features along the way. Trips are made regardless of inclement weather.

Tickets are on sale at the office of Government Services, Inc., 1135 21st St. NW. from 8 a.m. to 4:30 p.m., Monday through Friday. For reservations call NAtional 8-7363. Tickets reserved by telephone will be held at the barge until 15 minutes before departure. (On weekends and holidays call NAtional 8-0037 for information.) Soft drinks, ice cream, candy, cookies, and postcards are sold on the barge. Organized groups may charter the barge on Monday, Tuesday, Thursday, and Friday evenings through Government Services, Inc.

Schedule

May 4 to October 27 (Saturdays, Sundays, Holidays):

Adults, \$1 round trip; children under 12, 60¢ round trip.

2 p.m. upstream trip—leave Lock 3, 1 block south of 30th & M Sts. NW.

4 p.m. downstream trip—leave Lock 5, Brookmont, Md., down steps from Ridge Dr. & 61st St. (Stop 24, Cabin John car line).

One-way passengers may leave the barge at the upper terminus, Lock 5, or embark at that point for the downstream trip. All passengers pay round-trip fare regardless of distance traveled.

June 5 to September 4 (Wednesday evenings):

Adults, 75¢; children under 12, 50¢.

6:30 p.m. leave Lock 3, 1 block south of 30th & M Sts. NW.
(Barge returns to Lock 3 at 9 p.m.)

EXPLORING THE SKY: Members of the National Capital Astronomers bring their telescopes to these evening events and focus them on the stars, moon, and planets. They point out the constellations and tell many of the legends and mythology related to them. On cloudy evenings, illustrated talks on astronomy are substituted. If raining at the scheduled time, the event is cancelled.

Astronomy events are held in Fort Reno Park, north of the intersection of 40th & Chesapeake Sts. NW.

THEODORE ROOSEVELT ISLAND: This island, accessible only by boat, is preserved as a memorial to President Theodore Roosevelt. A Park Naturalist is on duty during the hours the ferry operates. He leads nature walks starting at the orientation station, where exhibits explain the Island's significance and story.

Three and a half miles of foot trails lead through woods and beside one of the few unspoiled marshes in the Washington region. These varied habitats contain a wealth of flowers, trees, birds, and other animals.

The ferry operates from the landing at the foot of Wisconsin Ave. near K St. NW. on each Saturday and Sunday from May 26th through October 27th — 1 to 4:30 p.m. with additional service as shown in each month's Events. Round-trip ferry fare is 25¢ for adults, 15¢ for children under 12.

KENILWORTH AQUATIC GARDENS: Here, in a number of verdant riverside pools, grow hardy and tropical waterlilies and lotus. Native flowers, birds, and aquatic animals lend variety and excitement to the quiet pools and marshy fringe. Wild iris begin their colorful display by mid-May to be followed by the hardy waterlilies that come into bloom in early June. By mid-July lotus and tropical varieties make a show with their varied colors which last into October. The gardens are at their best in the morning.

A Park Naturalist conducts interpretive flower and bird walks around the pools and through the adjoining marsh-land each weekend beginning May 26th and continuing through September 15th; for hours consult each month's Events.

To reach Kenilworth Aquatic Gardens, follow Kenilworth Ave. to Douglas St. NE., go west on Douglas St. to parking area and office.

GREAT FALLS MUSEUM. The Historical and Natural History Museums are open daily from June through Labor Day and on Saturdays and Sundays, weather permitting, for the remainder of the year. The Natural History Wayside Exhibit is open daily except Tuesdays and Wednesdays from late June through Labor Day. By arranging in advance with the Park Naturalist, parties of 15 or more may take short walks to the Falls or along the Canal towpath to learn firsthand the interpretive story of nature and history. Make advance arrangements by calling REpublic 7-1820, Ext. 2557.

DAY CAMPS: Nature activities are of first importance in D. C. Recreation Department Day Camps where Park Naturalists cooperate with camp leaders to bring thrilling outdoor adventures. Children wishing to attend these free camps may telephone the D. C. Recreation Department (ADams 4-2050) for information and applications.

ROCK CREEK NATURE CENTER

The Rock Creek Nature Center brings a new approach in translating nature's ways in the great outdoors. In an attractive natural setting, children and adults alike spend absorbing and adventure-packed hours learning about plants, rocks, insects, birds, and other wild animals that live in the surrounding woodland.

Exhibits, unique visual devices, and working demonstrations show the amazing ways of insects, animals, and plants. Live reptiles, a glass-sided beehive, sound recordings of insect and animal calls stimulate intense outdoor interests and hobbies.

As Park Naturalists interpret, nature becomes vividly real . . . alive! The outdoors takes on a new meaning and with this clearer understanding a keener appreciation comes to both the child and parent.

Organized groups may visit the Nature Center during the week by appointment. Saturday and Sunday afternoon all are invited to share in the exciting programs. A colorful brochure giving Nature Center details and the season's program is available upon request. Follow signs from Porter St. and Williamsburg Lane NW. (just north of the National Zoological Park). For information and appointments call REpublic 7-1820, Ext. 2557.

St. Andrews Society Pipe Band plays at Sylvan Theatre

SYLVAN THEATRE

Each Friday night during June, July, and August a distinguished outdoor program is held in the Sylvan Theatre on the Washington Monument grounds. Each opens with a half-hour concert or dance presentation followed by an illustrated talk of approximately an hour by a guest speaker.

The Sylvan Theatre may be reached from street cars on 14th St. marked "Bur. Engraving." Ample parking space for automobiles is available on the Monument grounds roadways and along the westbound lane of Independence Avenue.

If weather is unfavorable, the program will be held in the Commerce Department Auditorium on 14th St. between Constitution Avenue and E St. NW. A sign on the Sylvan Theatre stage and at the Commerce Building entrance will announce change of location. If in doubt, call the Park Police (REpublic 7-1820, Ext. 3161) after 6:30 p.m. on the program date.

This summer's series again features a wide variety of subjects. In a colorful brochure each evening's visual exploration will be vividly described and is available upon request. The speakers, dance and music groups appear as a public service. To them, the sincere thanks of National Capital Parks. For information, call REpublic 7-1820, Ext. 2557.

CARTER BARRON AMPHITHEATER

Each evening from about June 1 through Labor Day special summer entertainment is presented under the stars at Carter Barron Amphitheater in Rock Creek Park adjacent to 16th St. & Colorado Avenue NW. It is reached via the 16th St. bus line and 14th St. street cars. Special buses await theater-goers at the theater entrance after each performance. A paved parking area accommodates over 700 automobiles.

Programs feature Musicals and Operettas direct from Broadway, Symphony Concerts, and Folk Music with outstanding guest artists and Ballets featuring internationally famous dancing stars. All performances begin at 8:30 p.m. The complete summer schedule is available about May 1st.

Tickets are on sale at Carter Barron Amphitheater Box Office, Rock Creek Park (Phone TUCKerman 2-2620), and at the Super Music City Box Office, 1350 F St. NW. (Phone STerling 3-3916).
